

# Smart collaboration for Zoom Rooms

With 43% of employees expected to continue working from home full or part time,<sup>1</sup> effective visual collaboration systems have become critical to connect workers across multiple locations.

## Solutions born from collaboration

We work closely with Zoom engineers to ensure our solutions fully support the Zoom Rooms platform and maximize the effectiveness of all platform features.

All our solutions are certified for Zoom Rooms, which means your employees will experience the highest-quality collaboration experience and your IT teams can install, configure, and manage these devices with confidence.

## Scalable solutions for any room size

Lenovo's portfolio spans the continuum from personal spaces to large rooms.

	Personal space	Huddle/ small rooms	Medium rooms	Large rooms
ThinkSmart Hub		●	●	●
ThinkSmart Cam	●	●	●	●
ThinkSmart Bar		●	●	●
ThinkSmart Core Room Kits		●	●	●

## Easy to deploy and service

We offer a wide range of professional services to help you every step of the way.

**Assess.** Get a head start with customized pre-deployment infrastructure evaluations and guidance.

**Design.** Develop your collaboration space room standards for smooth and easy technology rollouts.

**Deploy.** Set up your Smart Collaboration solutions to hit the ground running.

**Train.** Provide your teams with use case-based training focused on your organization's real-world scenarios.

**Maintain.** Keep all your devices performing at their best with our yearly maintenance contracts.

**Onsite services.** We offer white glove service to complete physical setup, installation, configuration, and device troubleshooting.

In addition, our Zoom Rooms solutions come with **Lenovo Premier Support**, which gives your employees and IT staff a direct line to elite technicians 24/7/365 in more than 100 markets.

## Easy to manage

ThinkSmart Manager is a cloud-based software included with our devices that lets you see your entire ThinkSmart network on one console — from anywhere.

**Proactive monitoring.** Get immediate notifications and fix critical issues before they affect users

**Better protection.** Manage passwords centrally for BIOS, Windows, and Zoom Room accounts

**Remote control.** Deploy, configure, and update devices

## Create the ideal mobile collaboration environment

Lenovo Go accessories support enhanced productivity and a better user experience anywhere.

- Wireless headphones with active noise canceling
- Wireless mice and keyboards
- Power banks
- Wireless charging kits
- And more
