# Lenovo Chromebook with Chrome Education Upgrade

Google for Education

# Lenovo Education and Chrome Education Upgrade empower learning anytime, anywhere.

As learning evolves, the Lenovo Chromebook with Chrome Education Upgrade is empowering educators and equipping students for what's next. Each solution is designed to be easy to use, flexible, scalable, and secure, supporting connection and collaboration.

**CONNECTION IS CRITICAL.**  
81.3% of faculty are worried about ensuring that students stay motivated and engaged before, during, and after class.

With the right EdTech tools, teachers can inspire curiosity, sparking the creative thinking and outside-the-box learning needed for tomorrow's career landscape. Whether learning takes place in the classroom, at home, or within a hybrid model, Lenovo and Google for Education nurture individual needs and enable students to learn better.

Yoga Chromebook  
Gen 4

## Everything you need to make learning more personal.

At Lenovo, we are laser focused in our pursuit to support educators around the globe as they challenge themselves every day to reimagine and reinvent teaching in the modern classroom.

Driven by innovation, our robust portfolio provides the devices, services, and software that your education community needs to increase student engagement, fulfill student potential, and connect to learners everywhere now and in the future.

# Why Chromebook

**Chromebooks are easy to use, rugged, and affordable.**

They boot up in seconds, deliver powerful performance, and feature long battery life. Powered by ChromeOS, they have built-in virus protection, provide access to a rich library of apps, and update automatically, giving teachers and students access to the latest software without slowing them down.

**50 million students worldwide use Chromebooks.**

# Why Chrome Education Upgrade

**Chrome Education Upgrade allows schools to manage thousands of Chromebooks in seconds.**

IT admins can deploy new devices, customize features and configure security settings from one cloud-based admin console. Personalize the student experience by sharing material with the class in real time and rolling out standardized tests with 'Kiosk mode'. Plus, you can remotely disable or wipe stolen devices in an instant. And it comes with free 24/7 support from the experts at Google.

Lenovo 100e Yoga Chromebook Gen 4

LanSchool's classroom management software empowers educators to guide learning, increase collaboration, and maximize teaching time—wherever learning happens. With LanSchool, teachers get full control over what the students see in real time.

Teachers can monitor everyone's device at once, seeing who's doing what and who needs extra help. They can control the websites pupils can and can't access and use browsing alerts and reports to ensure safety. And they can lock everyone's keyboards in seconds to refocus attention.

More than **12 million** users worldwide rely on LanSchool to simplify and strengthen digital learning.

Students should use their Google Workspace for Education account when accessing Google Services for school.

## Google Meet Series One Room Kits from Lenovo

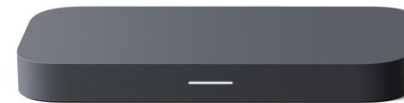

Everything you need to deliver safe,  
accessible learning from anywhere.

With Google Meet Series One Room Kits  
from Lenovo, educators get all the tools they  
need to create a connected and engaging  
learning environment.

These ready-made solution kits transform any  
space into an inclusive, hybrid classroom where  
everyone contributes and every voice is heard.

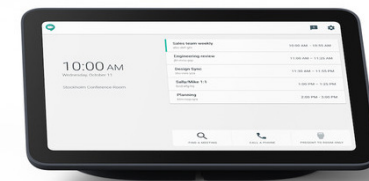

Smart audio bar

Compute system

Mic pod

Touch controller

These solutions are supported by reliable hardware, software, and services, promoting better learning outcomes while making life easier for the school's IT department.

**Make setup simple.**

Our kits arrive ready to use. Installation is a breeze with a single power source, and you can manage your equipment easily through the Google Admin Console.

**Reduce distractions.**

Our TruVoice audio technology removes background noise and modulates volume levels, so everyone can hear and be heard.

**Control with a touch.**

The low-profile touchpad and single cable mean that the teacher's control screen is always within reach. Or go hands-free with Google Assistant.

**Give everyone a front-row view.**

The 4K smart camera tilts and zooms to focus on the presenter, automatically putting the teacher front and center using powerful Google AI.

**Invite special guests.**

Video meeting hardware means that educators can invite expert speakers into the virtual classroom from anywhere in the world. Students can engage one on one with the people that know their subject best.

# Smarter fosters the future of learning.

Ideal for K-12 students

## LENOVO DUET CHROMEBOOK EDUCATION EDITION

### Equipping nonstop learning

Easily switch from laptop to tablet with the cloud-first Lenovo Duet Chromebook Education. With a large 11" 2K near-borderless display, fast connectivity options, and the robust security of ChromeOS, learning has never been more mobile.

- Snapdragon® 7c Gen 2 Compute Platform
- 5MP front-facing camera and 8MP rear-facing webcam
- 8GB RAM and 128GB of storage
- Lenovo ThinkShield and ChromeOS security
- Two full-function USB-C 3.0 ports

Lenovo Chromebooks are made for the challenges of K-12 education at all levels and at any budget. With the right technology for every learning style, enhanced by the Chrome Education Upgrade, students and teachers can unlock their full potential and have the confidence to reach it.

## LENOVO 300e YOGA CHROMEBOOK GEN 4

### Designed to unleash creativity

This high-performing convertible with the MediaTek Kompanio 520 processor features a new fabric-like texture on the cover, a Stylus 2.0, and longer-lasting battery. Built to be as agile as today's learners, its 360-degree sync hinge allows for seamless transitions between use modes for every task.

- MediaTek Kompanio 520 processor
- Topload keyboard for serviceability, security, and durability
- Optional 5MP world-facing camera
- Up to 64GB internal storage
- Corning® Gorilla® Glass
- Wi-Fi 6
- Sustainable packaging & EPEAT Gold certification

## LENOVO 100e CHROMEBOOK GEN 4

### Built for untethered learning

Because learning happens everywhere, students need a machine that's ready where and when they need it. Featuring the powerful MediaTek Kompanio 520 processor and new topload keyboard for greater security, serviceability, and durability, this rugged device is fast, secure, and built to empower students for uptime, any time.

- 11.6" HD display
- Up to 8GB memory & up to 64GB storage
- HD camera with shutter
- All-day battery life (15+ hours)
- Wi-Fi 6 and optional LTE CAT6
- Sustainable packaging & EPEAT Gold certification

# Ideal for educators and administrators.

## LENOVO FLEX 5i CHROMEBOOK

### Flexible learning from anywhere

Hybrid education requires flexibility, and the 360-degree convertible Lenovo Flex 5i Chromebook delivers. Powered by ChromeOS, this durable device enables secure learning from anywhere.

- Up to 12th Gen Intel® Core™ i5 processors
- Long battery life
- 8GB memory
- 512GB SSD storage
- Inside-out security with Lenovo ThinkShield and ChromeOS

## LENOVO 500e YOGA CHROMEBOOK GEN 4

### Powered by endless possibilities

Redesigned with a bigger and better 12.2" 16:10 panel, the lightweight, convertible Lenovo 500e Yoga Chromebook Gen 4 is purpose-built for versatility. Durable engineering and faster connectivity means teachers can maximize their creativity in and out of the classroom.

- Up to Intel® N200 processor
- Up to 128GB storage and up to 8GB memory
- 12.2" 16:10 display
- Topload keyboard for better serviceability, security, and durability
- 5MP front-facing and 5MP world-facing camera
- Lenovo Education MIL-SPEC durability
- Wi-Fi 6/6E and optional 4G LTE

## LENOVO 14e CHROMEBOOK GEN 3

### Made for learning beyond classroom walls

Designed to help students and teachers thrive in classrooms without walls, the Lenovo 14e Chromebook Gen 3 fosters learning in any environment. Running on speedy, simple, and secure ChromeOS, this light and durable device is packed with new features, including longer battery life, aluminum cover, and higher screen-to-body ratio.

- Up to Intel® N200 or Intel® Core™ i3-N305
- Up to 8GB of RAM
- Up to 128GB of storage
- MIL-STD-810H durability plus improved spill resistance
- All-day battery life (14+ hours)
- Wi-Fi 6/6E
