

# Redefining Desktops to Empower Your Changing World

Desktops have changed. Forget what you think you know. Desktops are no longer bulky, boring, and immobile. If you want to get your work done effectively, efficiently and comfortably, a desktop is the modern solution for the changing workplace.

OVER **50%** of ITDMs believe that desktops allow employees to get work done more smoothly<sup>1</sup>

**77%** of ITDMs agree the PC set up should be linked to roles and needs<sup>2</sup>
