

ThinkCentre M60q Chromebox Enterprise

Smarter
technology
for all

Lenovo

Modern industry is fast, convenient, collaborative, and cloud-based—so move beyond the slow, vulnerable legacy systems that put your business at risk of falling behind. The powerful new ThinkCentre M60q Chromebox Enterprise enables users across industries to stay focused and on task. Delivering more secure and manageable cloud-based Chrome computing for every business, the ThinkCentre M60q Chromebox Enterprise minimizes downtime and maximizes productivity.

This compact Tiny desktop is huge on versatility and customization. Perfect for deskbound efficiency, users can expand their workspace with multiple displays to power through intense tasks. Or mount the adaptable ThinkCentre M60q Chromebox Enterprise to enable boundless performance in a kiosk environment, at a nursing station, or within a call center.

Empower your business—and employees—with the cloud-computing performance of ThinkCentre M60q Chromebox Enterprise. It's the new definition of desktop.

ThinkCentre M60q Chromebox Enterprise

POWERHOUSE CLOUD COMPUTING

With the intense power of up to 12th Generation Intel® Core™ i5 processors, plus inspiring graphic capability and the cloud-based ChromeOS operating system, this latest Chromebox from Lenovo optimizes data-heavy workloads and accelerates VDI. Combining its adaptable tiny form factor, scalability, and multiple-screen capability, the ThinkCentre M60q Chromebox Enterprise is engineered for efficient productivity.

ENTERPRISE-READY SECURITY

Lenovo ThinkShield and the Google-designed Titan C Chip combine to create an unbeatable combination for unyielding security. Because the ThinkCentre M60q Chromebox Enterprise runs on ChromeOS, cloud-based security capabilities keep your business safe with seamless automatic updates and protection against evolving threats, with features like safe browsing, sandboxing, and verified boot.

IMPRESSIVE VERSATILITY

The 1L compact design of this high-performance desktop easily mounts behind monitors, on the wall, or on mobile carts or kiosks. No matter how constrained desk space might be, the ThinkCentre M60q Chromebox Enterprise never limits productivity. The DP, HDMI, and USB Type-C ports allow for workspace extension of up to 4 additional displays—expanding workday potential for every user.

cloud performance

ChromeOS is a cloud-first operating system that provides businesses with a modern experience for uninterrupted productivity, built-in security, fast deployment, and reduced TCO. Because updates automatically happen in the background while the ThinkCentre M60q Chromebox Enterprise is being used, there's never any downtime.

A Chromebox Enterprise device unlocks the built-in business capabilities of ChromeOS devices, enabling IT to power, manage, and secure the cloud workplace. With zero-touch deployment, scalable cloud-based management, and 24/7 support, Chrome Enterprise allows IT to focus on business innovation and the bottom line.

environmental diligence

The ThinkCentre M60q Chromebox Enterprise supports Lenovo's commitment to sustainability. In fact, 100% of ThinkCentre models released after 2019 contain closed-loop post-consumer recycled plastic. And by 2025, 90% of plastic packaging by weight for Lenovo devices will be made from recycled materials.

ChromeOS devices consume as much as 46% less energy than comparable competitor devices.¹ The cloud-first platform continuously improves to become more sustainable over time, resulting in lower overall device carbon footprint. And with the power management capabilities of ChromeOS, the ThinkCentre M60q Chromebox Enterprise delivers efficient charging and optimizes device performance.

Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

CO₂ OFFSET SERVICE

As the first in the industry, Lenovo offers this certification service to customers who wish to purchase their computer products CO₂-compensated over the device's lifecycle. Included in the hardware transaction, CO₂ compensation is based on realistic emission by product, covering production, shipment, and typical usage cycle (5 years). This service proactively supports reduction of CO₂ emitted in the atmosphere and compensates for environmental impact of business operations.

ChromeOS ZERO-TOUCH ENROLLMENT

Get the right devices to employees while securing endpoints, surfacing new cloud-based tools, and managing overburdened help desks. Zero-touch enrollment from Lenovo and Google allows remote deployment and auto-enrollment, shipping devices ship directly to users.

Accessories

ThinkCentre Tiny VI Stand

This innovative, elegant stand is designed with a small dip angle in front for ease of use. The Vertical Stand also minimizes vibration and noise while maximizing thermal performance.

PN: SM10Z42055

ThinkCentre Tiny VESA Mount II

The ThinkCentre Tiny VESA Mount II is uniquely designed to house the Tiny device. This versatile mount device can be used separately or combined with other options for a secure mounting functionality.

PN: 4XFON03161

ThinkCentre Tiny Clamp Bracket Mounting Kit II

This is an efficient and secure monitor mounting solution for your Tiny device. To complete this solution, the ThinkCentre Tiny VESA Mount II is required to mount the Tiny device to the Clamp bracket, and Power Cage II is required to mount the Power adapter of the Tiny device.

PN: 4XFON82412

ThinkCentre Tiny Sandwich Kit II

The Tiny Sandwich kit enables more desktop and floor space while providing a secure solution to protect your Tiny device. Constructed of high-grade steel and mounting easily with screws, this solution has open architecture for easy access to various ports and control buttons of your ThinkCentre Tiny device.

PN: 4XHON04098

ThinkCentre Tiny Power Cage II

ThinkCentre Tiny Power Cage II is a mounting solution that provides an efficient and secure power adapter mounting solution for your Tiny device. Completing this solution requires the ThinkCentre Tiny Sandwich Kit II or the Tiny VESA Mount II.
