# Lenovo ThinkSmart Core Full Room Kit for Microsoft Teams Rooms

Complete conference-room technology that outperforms

**Lenovo ThinkSmart Core Full Room Kit for Microsoft Teams Rooms has everything you need to create more immersive collaboration spaces—all in one box.**

The ThinkSmart Full Room Kit comes with ThinkSmart Core, a compute device running on Windows 11 for optimized business productivity and collaboration, powered by 11<sup>th</sup> Gen Intel® Core™ vPro™ processors built on the Intel® vPro® platform with Intel® Iris® X<sup>e</sup> graphics. Each kit comes with your choice of either the ThinkSmart Controller or the Lenovo IP Controller, each with a 10.1-inch, 10-point touch HD displays. For audio and video enablement, the full room kit includes Lenovo's AI-enabled ThinkSmart Cam, ThinkSmart Bar with integrated speaker and microphone, and two mic pods for immersive audio.

#### EASY TO CHOOSE

Lenovo ThinkSmart Core Kits fit any room size or configuration. For spaces with A/V installed, choose the Lenovo ThinkSmart Core + Controller. For spaces without A/V installed, choose Lenovo ThinkSmart Core Full Room Kit, which includes industry-leading audio and video components.<sup>1</sup> All hardware, software, management, and support services come with your purchase—and it's all shipped in one box.

#### EASY TO USE

These kits are built on the familiar Microsoft Teams Rooms platform, which includes one-touch calling and other features that allow users to easily initiate and control meetings, and collaborate and communicate securely with colleagues in other locations.

#### EASY TO MANAGE

IT teams can monitor, manage, and troubleshoot Lenovo ThinkSmart Core Full Room Kits remotely using preloaded ThinkSmart Manager software.<sup>2</sup> Every kit also comes bundled with one year of Smart Collaboration Professional Services Deploy and Maintain for personalized support during setup and ongoing maintenance.

#### EASY TO SUPPORT

As an extension of your IT team, Lenovo Premier Support manages routine support tasks, freeing up IT to focus on strategic efforts. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

## IDEAL ROOM SIZE

Small and medium rooms with participants facing the front of the room or in a U-shape layout.

## THINKSMART CORE

Engineered for maximum reliability and 24/7/365 operation, this powerhouse delivers the high performance you need for consistent collaboration and easy management, all while maintaining energy efficiency. The 11<sup>th</sup> Gen Intel® vPro® platform with Intel® Core™ i5 processor running on Windows 11 delivers enhanced security, responsive performance, and reliable connectivity.

## THINKSMART OR LENOVO IP CONTROLLER

Choose either the ThinkSmart Controller or Lenovo IP Controller, both with intuitive 10.1-inch, 10-point touch display. The Lenovo IP Controller addresses the growing demand for HDMI on table with no lag, as well as PoE connectivity.

## THINKSMART BAR

Lenovo ThinkSmart Bar has integrated stereo speakers and four built-in microphones, featuring DSP noise cancellation for immersive sound quality.

## THINKSMART CAM

With features like active speaker tracking and whiteboard awareness, Lenovo's first AI smart camera follows the conversation and encourages interactivity for more productive meetings.
