

Lenovo Sustainability Solutions

# Minimize waste and maximize circularity with secure **Asset Recovery.**

Healthcare contributes to 4% of global emissions<sup>1</sup>. As a healthcare provider, you handle vast amounts of highly sensitive data and are subject to a plethora of regulations to protect it. Navigating through these regulations can sometimes deter the secure recycling of IT hardware.

We've simplified this for you - **Lenovo Asset Recovery Services** offer a secure, easy, and sustainable approach to manage your end-of-life IT hardware, enabling the refurbishment and recycle of IT equipment and helping you contribute to a circular economy.

## Secure data disposal of sensitive patient data

Lenovo Asset Recovery Services (ARS) offers a single-source solution for the secure removal or destruction of data on your IT devices, irrespective of the hardware brand.

Our specialists ensure that the data disposition complies with regulations such as HIPAA, HITECH, GDPR and Electronic Health Standards and uses industry recognized data sanitization standards such as **NIST SP 800-88**.

We can also perform on-site data destruction for your IT equipment, freeing up your internal resources and ensuring you have complete peace of mind.

# A cost-effective solution for end-of-life IT asset management

After the secure sanitization of your data, Lenovo ARS will thoroughly check your devices, reuse parts, refurbish devices in good shape, and responsibly recycle the ones that are too old or damaged.

By working with industry leading ITAD partners, we can help **recover any potential residual value** from your decommissioned IT equipment. This helps lower your total cost of ownership and simplify the transition from old to new technology.

All of this is offered as a convenient, single-source solution. And don't worry about who manufactures your equipment — **all technology brands and all hardware types are covered, including servers, storage, networking, PCs, cell phones, LCD and CRT monitors and more.**

## Flexible options to meet your needs

Lenovo Asset Recovery Services offer flexible asset and data disposition options to suit your organization's needs.

### Standard Asset Recovery Services

- Pickup and securely transport devices from your location
- Process after collection, then test and prepare equipment for resale
