Experience the ultimate work habitat with any device, any place, any time, with robust security and personalized support

Smarter
technology
for all

Lenovo

You have the vision. We bring it to life.

Responding to hybrid work provides opportunities for new technologies and services that can be more cost effective and make your employees more productive.

Whatever your vision, Lenovo technology innovation, coupled with our services expertise, helps you stay ahead of technology advancements and fill skills gaps.

Security, privacy & compliance

Enhance security posture and maintain regulatory compliance, regardless of the employee's physical location, type of device and nature of connectivity. 100% transparency and visibility into the service; every alert, full investigation details, response actions taken – nothing is missed.

Speed up collaboration, decrease time to market

Accelerate employee effectiveness with pre-configuration, deployment and provisioning services with the delivery of persona based devices.

Increase employee engagement with proactive support and remediation by fixing problems before users know that there is an issue increases speed of delivery.

Lower IT costs

Use Lenovo's strength in supply chain, device manufacturing and delivery to provide devices to end-users when and where they are needed.

Improved Revenue Retention

15% improvement in revenue retention with Lenovo Service Desk.¹

Time to Productivity

Up to 50% improvement in time to employee productivity.³

Calculated Reduction in IT Costs

20% IT teams see budgets as a critical factor to their ability to innovate. Get control back with cost reductions.²

Avoid Supply Disruptions

#9 Lenovo rank in the top 25 Supply Chain Ranking – Gartner 2022 (2X better than closest PC Manufacturer)⁴

Trust the Partnership

#1 PC company in the world

World's Largest PC Company

IDC Market Intelligence Firm 2022

Transform your workplace

As the global leader in PC sales, Lenovo has a better understanding of the complexity of the hybrid digital workplace. We leverage this in partnership with you, to deliver managed services that increase productivity and efficiency while lowering the overall cost of IT; so that your employees can work seamlessly on any device, any place, any time with security and personalized support.

Accelerate your way forward

IT leaders must embrace both the speed of transformation and employee needs to **lead the journey.**

IT leaders need **trusted partners** that can simplify access to transformative, sustainable technology and dynamically respond to their needs.

IT leaders need access to tools that provide the right tech, igniting their **own vision of the future.**
