Smarter technology for all

Lenovo

What is Copilot for Microsoft 365?

Copilot for Microsoft 365 is your AI-powered co-pilot at work that integrates with the Microsoft 365 apps you use daily to deliver increased productivity and creativity. It sets you free from repetitive tasks so you can focus on the work that matters most – like serving your customers and growing your business – all with the peace of mind coming from our commitment to security and responsible AI.

For user

Supercharge productivity, amplify creativity and speed up communications by turning words into the most powerful productivity tool

For decision makers

Enhanced growth and profitability for the business as more energized and fulfilled employees deliver higher quality and innovative outputs

Copilot in Outlook

Summarize emails thread and suggest action items, replies, and follow-up

Copilot in Teams Meetings

Run effective meetings with real-time transcripts and get up to speed quickly

Copilot in PowerPoint

Create stunning and professional presentations with simple commands

Copilot in Excel

Visualize, generate forecasts, and effortlessly sort through data

Copilot in Word

Create a summary or “rewrite” a paragraph in just a few seconds

Get ready for Copilot for Microsoft 365

Step 1

Get the essentials

As an add-on plan, Copilot for Microsoft 365 has certain licensing prerequisites.

Step 2

Prepare for a seamless transition

Identify and apply robust controls to limit access to sensitive data by conducting a thorough audit of access.

Step 3

Here's where the magic begins

Assign Copilot for Microsoft 365 licenses to your users and start unlocking a whole new world of productivity and creativity!

Do you know?

You are always protected and in control

Copilot inherits your security, compliance, and privacy policies set up in Microsoft 365, so your data never leaves its secure partition.
