

Lenovo ThinkSmart Hub + ThinkSmart Cam

Be seen and heard around the table and across the world.

UPGRADE YOUR MEETINGS

Transform traditional speakerphones or BYOD rooms into dynamic video collaboration spaces with the powerful combination of Lenovo ThinkSmart Hub Gen 2 paired with ThinkSmart Cam. Experience responsive meeting controls and enhanced security measures every time with the dynamic synergy of Windows 11, a robust 16GB memory, and the cutting-edge Intel vPro® technology.

ADVANCE YOUR CONFERENCE ROOM WITH AI

Easily start and join meetings with ThinkSmart Hub Gen 2, allowing users to effortlessly manage meetings, share content, and engage with participants. Combined with the AI-accelerated features of ThinkSmart Cam, including automatic zoom, framing, speaker tracking, and whiteboard awareness, every collaboration is clear, dynamic, and more natural.

DEPLOY AND MAINTAIN IN A SNAP

The ThinkSmart Hub and ThinkSmart Cam offer a seamless solution for swift deployment and efficient management in your workspace. The built-in cable management further enhances simplicity, ensuring a clutter-free environment. Additionally, remote management through ThinkSmart Manager provides convenient control and monitoring capabilities, allowing you to effortlessly optimize your workspace.
