

Lenovo ThinkPad

Advanced by the AMD Ryzen™ AI PRO 300 Series processor with 45+ TOPs NPU, the Lenovo ThinkPad L14 Gen 6 is built to enhance productivity, turbocharge multitasking, deliver fast connectivity, and offer excellent battery life while providing world-class security features across all business scenarios. This master of mobility delivers Copilot+ PC experiences, including enterprise productivity, immersive collaboration, revolutionary creation and editing, and personal AI assistance. With up to 2TB 2280 SSD storage and up to 64GB DDR5 memory, you'll be able to tackle data-heavy tasks with ease. The thin, light design, Wi-Fi 7, and the long 57Wh battery life combine to keep today's hybrid workforce nimble enough for go-everywhere get-it-done.

The large speakers with Dolby Atmos, a 5MP RGB + IR camera, higher panel brightness, and integrated AMD Radeon™ graphics, along with AI-accelerated features from Lenovo View and Commercial Vantage, optimize the audiovisual experience for more immersive collaboration. Plus, the improved thermal design increases performance while creating a cooler, quieter UX. Conscientiously engineered with durable design, an impressive range of customer replaceable units (CRUs), unique accessibility features, and sustainable engineering, this mobile next-gen AI PC must-have is truly remarkable.
