

## Lenovo Chromebook Plus 2-in-1 (14", 10)

Designed for the modern workforce with a premium feel, AI-accelerated performance, and more robust security, the new Lenovo Chromebook Plus 2-in-1 (14", 10) is built on Intel® Core processors for real-world multitasking and more reliable connectivity—all at an incredibly impressive price point. As a Chromebook Plus device with Google AI features built in, plus Gemini integrations, users can do more than ever before to boost everyday productivity. Lighter and thinner than ever with a durable metal chassis, this versatile convertible form factor adapts to ever-shifting workflows, transforming from laptop to tablet to tent.

The 14" WUXGA (1920x1200) IPS FHD touch display provides ample screen real estate and sharp details, while Corning® Gorilla® Glass protects the high-quality panel from accidental damage, whatever the day brings. Plus, the 5M camera with privacy shutter and enhanced sound with Waves Audio elevate the user experience, making collaborative meetings more natural and immersive. This flexible 2-in-1 dynamo also supplies ample ports to accommodate an expanded workspace when needed. Sustainability gets high marks as well, thanks to the customer-replaceable (CRU) battery and TCO 10.0 certification.

## AI-ACCELERATED PRODUCTIVITY

The new Lenovo Chromebook Plus 2-in-1 (14", 10) takes the intuitive, efficient ChromeOS operating system and bumps it up a notch, delivering extra power and capabilities along with a more premium feel and stunning Lunar Grey color. Powered by the high-performing Intel® Core processor for easy multitasking, this multimode device is engineered to boost productivity, with robust memory and storage options to handle demanding apps, along with 11 hours of battery life for uninterrupted innovation. With the power of Google AI built in, plus Gemini integrations, users can do more than ever before on Chromebook Plus, including accessing the AI-accelerated features to assist with content creation, data organization, and bringing artistic visions to life.

## INSPIRED FLEXIBILITY

This portable convertible easily transforms from laptop to tablet to accommodate shifting tasks and workflows. Immerse yourself in the clear visuals of this vibrant 14" WUXGA (1920x1200) IPS FHD touch display with 300 brightness. Coming in at just 1.49 kg (3.28 lbs) with a thinner, lighter metal chassis, its on-the-go capabilities enable all-day productivity in the office, on the road, or at home, with up to 11 hours of battery life, powerful Wi-Fi 7 plus Bluetooth 5.3 connectivity, and ChromeOS tools. Connect effortlessly with a full array of ports, including two USB-C, two USB-A, and one HDMI, for seamless connectivity to all your devices and peripherals. Improved visuals and audio, including the 5M webcam, make every video collaboration more natural and immersive.

## IMPRESSIVE SECURITY

The Lenovo Chromebook Plus 2-in-1 (14", 10) delivers cyber-protection from every angle, including the webcam privacy shutter and optional fingerprint reader. Because ChromeOS is the most secure OS out of the box, there's no need for antivirus software. Along with built-in, multilayered security and centralized admin controls, this Chromebook Plus employs ongoing security measures like regular automatic updates and 24/7 access to Google support. And the Google H1 security chip, specifically designed by Google to guard against threats like viruses, phishing attacks, and brute-force password attempts, gives users additional peace of mind.

## Experience the power of Chrome Enterprise Upgrade.

Chrome Enterprise Upgrade is a comprehensive solution for managing ChromeOS devices within an organization, offering advanced security and policy options, extensive device management capabilities, and support for a broad range of enterprise needs.

Providing IT with sophisticated security controls and simplified orchestration of the device fleet, Chrome Enterprise Upgrade also enables flexible access to corporate data, allows integration with Active Directory and SAML SSO providers, and offers 24/7 IT support.

With ChromeOS device management, businesses can easily and remotely manage the devices that empower employees and elevate customer experiences.

## Lenovo Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

#### PREMIER SUPPORT

As IT budgets contract, you need to reduce complexity, decrease operational costs, and find ways to increase efficiency from your in-house IT support teams. Lenovo™ Premier Support manages routine support tasks, freeing IT to focus on strategic efforts that move the organization forward. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

#### ChromeOS ZERO-TOUCH ENROLLMENT

Get the right devices to employees while securing endpoints, surfacing new cloud-based tools, and managing overburdened help desks. Zero-touch enrollment from Lenovo and Google allows remote deployment and auto-enrollment, shipping devices ship directly to users.

#### LENOVO CO<sub>2</sub> OFFSET PROGRAM

While minimizing and eliminating emissions is always the goal, carbon offsetting your IT fleet is another way to help manage your overall carbon footprint. We make it easy with a seamless, transparent process for Lenovo devices across your current IT fleet or new purchases—with a sustainability dashboard to view the offset metrics. The offsets are contributed to climate action projects verified by independent third-party organizations like the United Nations, CDM, Gold Standard®, and Climate Action Reserve.
