

Lenovo Chromebook Plus (14", 10)

Made for educators, with powerful AI built in

Today's teachers and administrators are required to successfully juggle student needs and learning outcomes—doing it all within the tight budgets of the school district or organization. Designed to boost educational excellence with AI power and a premium user experience, the Lenovo Chromebook Plus (14", 10) is the world's first Chromebook with 50 TOPs NPU and supercharged with Google AI. Powered by MediaTek's Kompanio Ultra processor to provide the ultimate performance for productivity, creativity, and AI experiences, this mobile powerhouse elevates your daily organization and content creation to master the hypertask.

The most advanced Chromebook Plus, the Lenovo Chromebook Plus (14", 10) helps leverage AI so teachers can efficiently customize learning resources for specific classroom and student needs. With Google on-device AI assistance from new software that's currently exclusive to Lenovo—features like Gallery Image Generation and Smart Grouping—educators can streamline workflows and take control of coursework without needing advanced technical skills. Whether you're in prepping, teaching, or training mode, the OLED display brings crisp, vibrant visuals, while the first-ever quad speakers with Dolby® Atmos on a Chromebook deliver a super-impressive audio experience. Thin and light, this intelligent device is also built to keep up with on-the-move educators, enabling the longest battery life ever on Chromebook Plus of up to 17 hours¹.

Lenovo Chromebook Plus (14", 10)

AI-ACCELERATED PERFORMANCE

The MediaTek Kompanio Ultra fueling this education device redefines Chromebook Plus laptops with groundbreaking computing performance, while also delivering all-day-and-beyond battery life. With generative AI built in, it delivers a new standard in on-device intelligence—automating tasks, optimizing workflows, and enabling personalized, secure, and efficient computing. In addition to the most powerful NPU ever in a Chromebook and built-in Google AI, Lenovo and Google have partnered to offer educators exclusive on-device AI capabilities with the Lenovo Chromebook Plus (14", 10) to level up productivity. These easy-to-use features built into the OS provide customized tools that flex to individual teaching styles. For instance, you can quickly digest education industry articles, how-to guides, and more with Help me read, so you can get back to direct student support. With Help me write, providing feedback on a student's work or sending updates to parents is easier than ever. You can also access Gemini on your Chromebook to get fresh ideas and inspire content creation. All these premium efficiency features are available at an accessible price, ideal for the tight budgets of schools.

PORTABLE PRODUCTIVITY

Tackle every day with unstoppable speed—at your desk, in the classroom, or on the move. Starting at just 1.17 kg (2.58 lbs) and 15.8 mm (0.70 in) thin and boasting a long battery life up to 17 hours¹, this portable clamshell never weighs you down. And whether you're editing a lesson plan, creating a presentation, or on a team video call, the MediaTek Kompanio Ultra processor, the latest Wi-Fi 7 connectivity (standard), and up to 16GB of memory keep things ultra-smooth without lag or limits. Easily expand your workspace when needed, thanks to two full-function USB-C ports and one USB-A port to support up to two external 4K displays and handle all your get-it-done peripherals. Because you appreciate silence when you get it, you'll love the fanless design and quiet, backlit keyboard of the Lenovo Chromebook Plus (14", 10).

INSPIRED AUDIOVISUAL EXPERIENCE

Beyond the premium, high-quality aluminum build and minimalist aesthetic, the Lenovo Chromebook Plus (14", 10) elevates the audiovisual UX for incredibly immersive sights and sounds. The vivid colors and sharp details of the 14" OLED display feature a crisp 1920x1200 resolution, 90% screen-to-body ratio, and 100% DCI-P3 color gamut, bringing your lesson plans and creative content to life. Engage more naturally in video collaboration with students, staff, and parents with the 5MP camera and AI-driven meeting features like background blurring and noise reduction, along with Dolby® Atmos sound from dual speakers and the dedicated down-firing bass woofers.

Experience the power of Chrome Education Upgrade.

As learning evolves, the Lenovo Chromebook Plus (14", 10) with Chrome Education Upgrade empowers administrators to manage their ChromeOS environment to best meet the individual needs of their school, students, and teachers. Chrome Education Upgrade offers device management and 24/7 Google support and guidance at no additional cost. Reduce costs, improve ROI, and lower employee downtime with long-lasting devices that reboot in seconds. Get access to over 600 device policies, fleet oversight capabilities, and managed updates, all from the cloud-based Google Admin console. With ChromeOS automatic background updates, blocked executables, and data controls, you can protect your organization from security threats, maximize productivity, and work in the cloud with confidence.

Lenovo Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

LENOVO PREMIER SUPPORT

As IT budgets contract, you need to reduce complexity, decrease operational costs, and find ways to increase efficiency from your in-house IT support teams. Lenovo™ Premier Support manages routine support tasks, freeing IT to focus on strategic efforts that move the organization forward. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

ChromeOS ZERO-TOUCH ENROLLMENT

Get the right devices to educators and administrators while securing endpoints, surfacing new cloud-based tools, and managing overburdened help desks. Zero-touch enrollment from Lenovo and Google allows remote deployment and auto-enrollment, shipping devices directly to users.

ACCIDENTAL DAMAGE PROTECTION (ADP)

Minimize downtime and protect your device from damage not covered under warranty with unlimited repairs in the event of unintentional mishaps. Accidental Damage Protection is performed by Lenovo-trained technicians, using Lenovo Qualified parts and comprehensive diagnostic tools.
