

Lenovo Chromebook Plus (14", 10) Built-in Google AI for increased productivity

Today's hybrid and mobile workforce are expected to do more in less time—often with fewer resources—all while improving outcomes. Designed to boost everyday excellence with AI power and a premium UX, the Lenovo Chromebook Plus (14", 10) is the world's first Chromebook with 50 TOPs NPU and supercharged with Google AI. Powered by MediaTek's Kompanio Ultra to provide the ultimate performance for productivity, creativity, and AI experiences, this mobile powerhouse elevates your daily organization, communication, and content creation to master the hypertask.

The most advanced Chromebook Plus, the Lenovo Chromebook Plus (14", 10) helps leverage AI to make light of those tasks that can weigh you down. With on-device AI assistance from new Google AI software that's currently exclusive to Lenovo—like Gallery Image Generation and Smart Grouping—you can compose a report for the boss, organize spreadsheets, and quickly summarize mountains of research. Whether you're watching a video tutorial, pitching your next big thing, or collaborating with teammates on a video call, the OLED display brings crisp, vibrant visuals, while the first-ever quad speakers with Dolby® Atmos on a Chromebook deliver a super-impressive audio experience. Thin and light, this intelligent device is also built to keep up with on-the-move movers and shakers, enabling the longest battery life ever on Chromebook Plus at up to 17 hours¹.

AI-ACCELERATED PERFORMANCE

The MediaTek Kompanio Ultra fueling this premium device redefines Chromebook Plus laptops with groundbreaking computing performance, while also delivering all-day-and-beyond battery life. With generative AI built in, it delivers a new standard in on-device intelligence—automating tasks, optimizing workflows, and enabling personalized, secure, and efficient computing. In addition to the most powerful NPU ever in a Chromebook and built-in Google AI, Lenovo and Google have partnered to offer today's ambitious workforce exclusive on-device AI capabilities for enterprises with the Lenovo Chromebook Plus (14", 10) to level up your output. Google Workspace with Gemini unlocks new ways of working, including helping you write, visualize, organize, and connect. Need to compose an email to a client or design an engaging presentation? There's a feature for that. You can easily summarize an email chain, generate eye-catching social posts, and streamline those daily mundane tasks that impede your strategic thinking. And all these premium efficiency features are available at incredible value for your money, so it's never a budget-breaker.

PORTABLE PRODUCTIVITY

Tackle every day with unstoppable speed—at your desk, in a café, or on the move. Starting at just 1.17 kg (2.58 lbs) and 15.8 mm (0.70 in) thin and boasting a long battery life up to 17 hours¹, this portable never holds you back. And whether you're editing a report, creating a presentation, or on a team video call, the MediaTek Kompanio Ultra, the latest Wi-Fi 7 connectivity (standard), and up to 16GB of memory keep things ultra-smooth without lag or limits. Easily expand your workspace when needed, thanks to two full-function USB-C ports and one USB-A port to support up to two external 4K displays and handle all your get-it-done peripherals. Because sometimes silence is indeed golden, you'll love the fanless design and quiet, backlit keyboard of the Lenovo Chromebook Plus (14", 10).

INSPIRED AUDIOVISUAL EXPERIENCE

Beyond the premium, high-quality aluminum build and minimalist aesthetic, the Lenovo Chromebook Plus (14", 10) elevates the audiovisual UX for incredibly immersive sights and sounds. The vivid colors and sharp details of the 14" OLED display feature a crisp 1920x1200 resolution, 90% screen-to-body ratio, and 100% DCI-P3 color gamut, bringing your creative content to life. Engage more naturally in video collaboration with team members and clients around the world with the 5MP camera and AI-driven meeting features like background blurring and noise reduction, along with Dolby® Atmos sound from dual speakers and two dedicated down-firing woofers.

Lenovo Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

LENOVO PREMIER SUPPORT

As IT budgets contract, you need to reduce complexity, decrease operational costs, and find ways to increase efficiency from your in-house IT support teams. Lenovo™ Premier Support manages routine support tasks, freeing IT to focus on strategic efforts that move the organization forward. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

ChromeOS ZERO-TOUCH ENROLLMENT

Get the right devices to employees while securing endpoints, surfacing new cloud-based tools, and managing overburdened help desks. Zero-touch enrollment from Lenovo and Google allows remote deployment and auto-enrollment, shipping devices directly to users.

LENOVO ASSET RECOVERY SERVICES

Hardware-agnostic Lenovo Asset Recovery Services (ARS) help mitigate end-of-life IT and data security risks. We reuse parts, refurbish devices, and recycle assets. Buy-backs help you fund future IT investments. And Lenovo PCs and infrastructure hardware can get a new lease on life through Lenovo Recertified Services.
