Lenovo ThinkCentre

ThinkCentre neo Ultra Gen 2

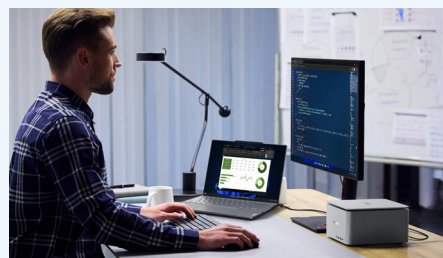

intel vPRO

AI PCs Built for Business

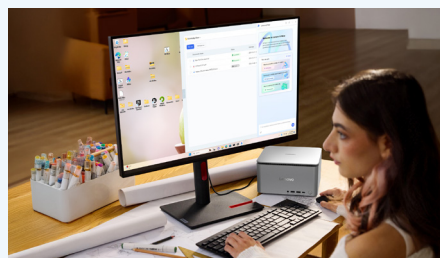

Engineered for peak performance

The ThinkCentre neo Ultra Gen 2, powered by Intel® Core™ Ultra processors and Intel vPro®, redefines professional computing with its sleek design and advanced AI capabilities. At the core of its functionality, Intel vPro® enhances every aspect of business computing. Its robust security features safeguard critical data and protect against emerging threats, while its manageability tools simplify IT operations, enabling effortless maintenance and control of large device fleets. Built for modern workplaces, the ThinkCentre neo Ultra Gen 2 enhances productivity, collaboration, and creativity. With professional-grade performance and robust security, the device promotes sustainability, unlocking new possibilities for the future of work.

Code-ready collaboration

Power through coding and model-building with seamless multitasking, real-time sharing, and virtual whiteboards—making collaboration as smooth as in-person sprints.

Learning made smarter

Lenovo AI Now¹ streamlines learning—automating notes, summarizing lectures, and generating content, so students and teachers can focus on what matters most: education.

Seamless connectivity

Smart Connect lets you access and share content across your PC, phone, and tablet. Share Hub handles large files, enabling effortless collaboration.

ThinkCentre neo Ultra Gen 2

Lenovo

For serious workloads

Designed to excel at demanding tasks, ThinkCentre neo Ultra Gen 2 features Lenovo AI Now¹ and integrated Gen AI capabilities. These enhance productivity, delivering unmatched performance for content creators.

Intel® Core™ Ultra processor with integrated NPU

Intel vPro® platform

Integrated NPU & discrete NPU²

Space-saving design

Enjoy optimal performance in a space-saving design. The ThinkCentre neo Ultra Gen 2 is equipped with an advanced cooling system that prevents overheating, ensuring uninterrupted operation with its built-in PSU.

3.6L form factor

Built-in PSU

Up to three thermal fans

Effortless multitasking

Experience fast, dependable wireless and wired connectivity. Plus, maximize space by removing the need for external drives, while support for up to seven displays enhances your multitasking.

Lenovo Smart Storage

Thunderbolt™ 4.0

Up to Intel® Wi-Fi 7 (5 Ggig)

Purposefully built

The ThinkCentre neo Ultra Gen 2 combines contemporary design with sustainability. Built from recycled materials and featuring eco-certified finishes, it reflects a commitment to the environment.

Luna Grey aluminum chassis

ENERGY STAR® 9.0²

TCO 10.0

As work styles evolve and environments change, AI-powered devices are essential for boosting efficiency and offering intelligent features. The ThinkCentre neo Ultra Gen 2 has cutting-edge technology that streamlines tasks and drives productivity. With its powerful performance and rich features, it's a must-have for content creators.
