

6 months FREE with Lenovo TruScale Device as a Services (DaaS)

Upgrade to Windows 11 Pro now, pay nothing for 6 months and give your business the edge.

Empower your teams to boost productivity and drive business innovation – with the latest Windows 11 Pro devices, without the high upfront costs.

Together, Lenovo Global Financial Services (LGFS) and Lenovo TruScale Device as a Service (DaaS) make financial decision-making simpler, by removing barriers to acquiring the latest technology.

Regular, predictable payments, **plus six months' free** usage before your subscription begins, makes it easier than ever to upgrade your device fleet while managing cash flow responsibly.

The TruScale DaaS Windows 11 Pro Refresh Programme

42 months DaaS subscription for the price of 36 months with nothing to pay for the first 6 months.

Your chosen Lenovo Windows 11 Pro Smart Devices come powered up with:

- ✓ **42 months Lenovo Premier Support**

Upgrade today, kickstart the future

Support for Windows 10 ends in October 2025. Now is the time to upgrade to Windows 11 Pro and future proof your business.

Windows 11 Pro is the most secure Windows ever and enables AI-powered multitasking and video conferencing. It has specific hardware requirements, which older devices may not be able to match. Use this opportunity to upgrade and bring your fleet up to speed and simplify your path to a futureproof workplace.

Lenovo Global Financial Services (LGFS)

LGFS gives you a smarter way to access the latest technology. With minimal upfront investment, predictable payments, and extended software licensing and support, LGFS gives you the financial flexibility to stay competitive and sustainable, reducing your carbon footprint while maximizing ROI across the entire device lifecycle.

Stay ahead, stay agile, and move forward with confidence, knowing your technology investments are working smarter for you.
