Lenovo Chromebooks

A smarter way to empower educators and equip students for better learning outcomes

Google for Education

Why Google Chromebooks

Lenovo devices with Google ChromeOS free your school system from costly and vulnerable systems that simply can't keep up. Plus, they deploy up to 63% faster and run with business-grade security, so you can give your teachers, staff, and students a more agile, secure experience wherever learning happens.

- Best-in-class security that's built-in, not bolted on
- Easy-to-use on-device AI features for enhanced efficiency & productivity
- Built for power, speed, and storage at incredible value
- Software and hardware features to make learning, teaching, and life easier

Google ChromeOS enhances education with unbeatable security.

Because ChromeOS is the most secure OS out of the box, there's no need for third-party antivirus software. Along with centralized admin controls and 24/7 access to Google support, Chromebook Plus devices employ "defense in depth" for multiple layers of protection.

- Two-factor authentication for safeguarded logins
- Security sandbox
- Verified boot to self-check for malware and auto-repair if corrupted
- Regular automatic updates behind the scenes to keep the device up to date against the latest security threats
- Google H1 security chip, specifically designed by Google to guard against threats like viruses, phishing attacks, and brute-force password attempts

ZERO

reported ransomware attacks on ChromeOS—*ever*—and ChromeOS has never had a virus[1]

Chromebook Plus consumes

46%

less energy than comparable competitor devices.

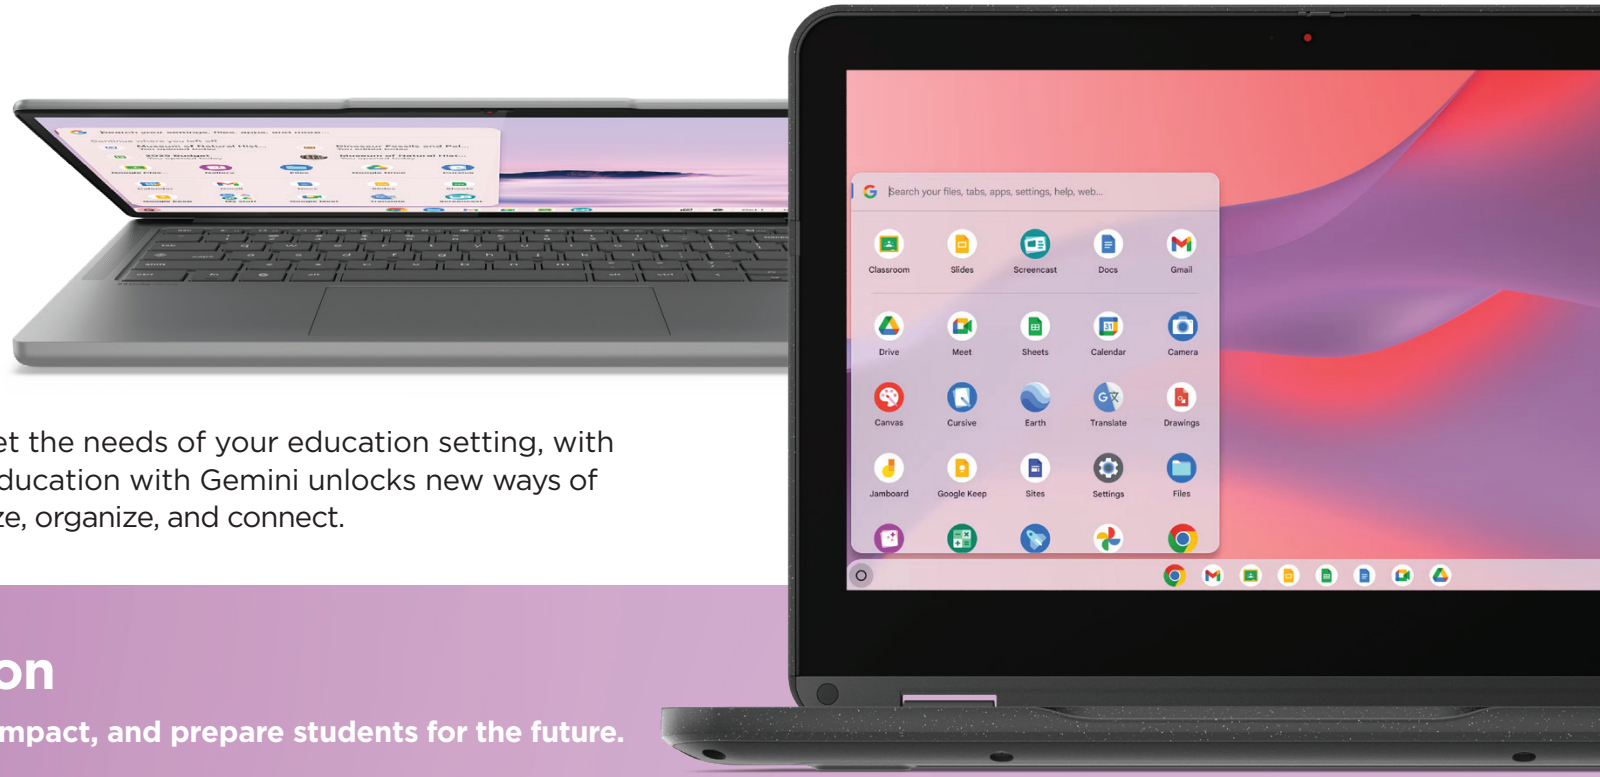
Top device

Chromebooks have been the top device in K-12 education since 2021.

[1] As of 2025 there has been no evidence of any documented, successful virus attack or ransomware attack on ChromeOS. Data based on ChromeOS monitoring of various national and internal database

Lenovo

Google Workspace with Gemini



Experience powerful, affordable devices designed to meet the needs of your education setting, with built-in generative AI capabilities. Google Workspace for Education with Gemini unlocks new ways of teaching and learning, including helping users write, visualize, organize, and connect.

Google Workspace for Education

Secure your learning environment, enhance instructional impact, and prepare students for the future.

Easy-to-use tools

Empower your educators with intuitive tools that reduce the need for lengthy onboarding, so they can focus on teaching.

Secure privacy

With enterprise-grade data protection for education, Workspace users experienced 3x fewer email security incidents than those using Microsoft 365.

Comprehensive education suite

Consolidate your tech stack and reduce the need to invest in other tools.

Accessibility

Equitable and accessible tools and resources empower all learners to succeed.

Innovative Google AI

With Google AI embedded into our education tools, schools get the only full-stack AI solution that provides end-to-end privacy, security, reliability, and rapid innovation.

Discover the rich ecosystem of Chromebook applications.

Productivity

WeVideo

Create, edit, and share videos through a web browser or mobile app with easy-to-use features like screen recording, motion titles, and various special effects.

Squid

Write, draw, and markup PDFs as if on paper with natural handwriting feel and low-latency ink. Integrated with Google for Education tools like Google Classroom.

Security

ThinkShield XDR powered by SentinelOne

Extended detection and response (XDR) for modern AI-enabled protection against ransomware and malware threats for security across attack surfaces.

Secure Endpoint Management powered by ABSOLUTE

Comprehensive device resiliency through self-healing, plus remote device tracking and data wipe to protect lost or stolen devices.

Level up teaching with Chromebook Plus

Why Chromebook Plus

The Chromebook experience delivers something extra with next-gen Chromebook Plus devices, with higher performance, modern designs from Lenovo, plus faster, more efficient, and more personal AI from Google.

- At least 8GB of memory for smoother multitasking
- Ample space with at least 128GB of storage
- Improved collaboration with 1080P IPS+ display, 1080p+ webcam, and quad speakers
- Next-gen processors and hardware
- Google AI and AI-powered tools for optimal efficiency

Lenovo

Google AI
The power to do more

Text capture

Pulls information right from your images and transforms it into editable text, so you don't need to retype. Transcribe a written note by uploading it to your Chromebook or select event information from an email to have it added directly to your calendar.

Help me read

Get the main points from written content. With the magic of Gemini, summarize lengthy news articles or email chains, simplify jargon-filled text into everyday language, and ask follow-up questions.

Smart grouping (on-device AI*)

Organize your tabs, documents, and apps by category. Keep your research, inspiration, and lesson planning together. Your files and websites are all saved in one easy-to-find group, so when you're ready to jump in, it's ready, too.

On-device image generation (on-device AI*)

Create lesson-focused or project-specific images. Cut out the clutter from your images so your subject can be the focus of the photo with the background removal tool. You can even use it to make personalized stickers.

Quick insert + key

Tap the Quick insert key to enhance creativity in your content. Create custom high-resolution images and get AI-generated writing support with Help me write. Add GIFs and emojis to emails, link a recent URL in a sheet, and quickly access your files—all without switching tabs or windows.

Help me write

Get help writing and rewriting anything. Whether you're drafting blog posts, crafting a parent email, or thinking up engaging lesson plans, you can get help writing the way you want from Gemini—it's only a right-click away.

Select to search with Lens

Quickly identify and get information about an item in a photo or video. With a simple long press of the launcher, Select to search with Lens finds similar items—all without leaving where you are.

Google Workspace with Gemini

Gemini in Google Docs, Sheets, Slides, and Gmail helps power your productivity. Create whole documents or personalized emails, design slides, and organize spreadsheets in a snap. Understand long documents with quick summaries. And if you want to learn more, just chat with Gemini to get your answer.

*This feature is currently available only on Chromebook Plus (14", 10).

Lenovo Chromebooks
Which one is right for you?

Lenovo Chromebook Plus (14", 10)

Unlock new ways of teaching and learning with the world's first Chromebook with 50 TOPS NPU and supercharged with Google AI.

- Powered by MediaTek Kompanio Ultra
- Long battery life up to 17 hours and Wi-Fi 7
- 14" OLED (1920x1200) display, 90% STB ratio, and 100% DCI-P3 color gamut
- Immersive collaboration with 5MP camera, AI-driven meeting features, and Dolby® Atmos sound

Lenovo Chromebook Plus 2-in-1 (14", 10)

This thin and light convertible delivers elevated UX, mobile productivity, and robust durability.

- Powered by Intel® Core™ processors
- 14" WUXGA (1920x1200) IPS FHD touch display with protective Corning® Gorilla® Glass
- Up to 16GB LPDDR5X memory and up to 512GB SSD storage
- Customer replaceable unit (CRU) battery for easy repairability

Lenovo Chromebook Duet EDU G2

Shift from notebook to tablet for multimode flexibility with this rugged device. The Lenovo Pen gives natural interaction and tucks away when not in use.

- Powered by MediaTek Kompanio 838
- 11" 2K 16:10 panel and 400nits display
- Up to 8GB LDDR4x memory and up to 128GB eMMC storage
- ChromeOS security with sandboxing, safe browsing, and automatic security updates

Lenovo Chromebooks
Which one is right for you?

Lenovo Chromebook Plus (15", 10)

This versatile, rugged device with Google AI features empowers teachers and administrators with bright 15.3" 2K IPS display, large touchpad, and 5MP camera.

- Up to Intel® Core™ processor
- 8GB of memory and up to 256GB of storage
- Lenovo DuraSpec toughness and customer replaceable unit (CRU) 50Wh battery
- Ample ports, including 2x USB-C, 2x USB-A, and 1x HDMI

Lenovo Chromebook Plus (14", 11)

Under 1.5kg and built on the intuitive ChromeOS platform with access to Google AI features, this device delivers high-productivity, all-day battery life, and robust durability.

- Optimally powered by the Intel® Core™ i3-N355 processor
- Up to 8GB memory and up to 256GB storage
- 16:10 display with >87% STB ratio
- Customer replaceable units (CRUs) for easy repairs

Lenovo Chromebook 500e 2-in-1 Gen 5

This agile learning tool delivers impressive versatility at exceptional value for K-12 students, available in two touch display sizes in the same streamlined design.

- Fueled by Intel® Processor N-Series or MediaTek Kompanio 540
- Meets robust Lenovo DuraSpec durability standards
- 11.6" or 12.2" display options
- Customer replaceable units (CRUs), including dual USB-C ports and battery
- Faster Wi-Fi 7 and 50WHr battery (16 hours)

Lenovo Chromebooks
Which one is right for you?

Lenovo Chromebook 100e Gen 5

Available in two screen sizes, either 11.6″ or 12.2″ display, this go-everywhere device is equipped with a 50Whr battery, Wi-Fi 7, and up to 5G LTE capability.

- Fueled by either the Intel® Processor N-Series or MediaTek Kompanio 540 processor
- Customer replaceable unit (CRU) components and Lenovo DuraSpec toughness
- Dual USB-C ports for versatility
- Up to 8GB of memory, and up to 64GB of storage

Lenovo 500e Chromebook Gen 4s

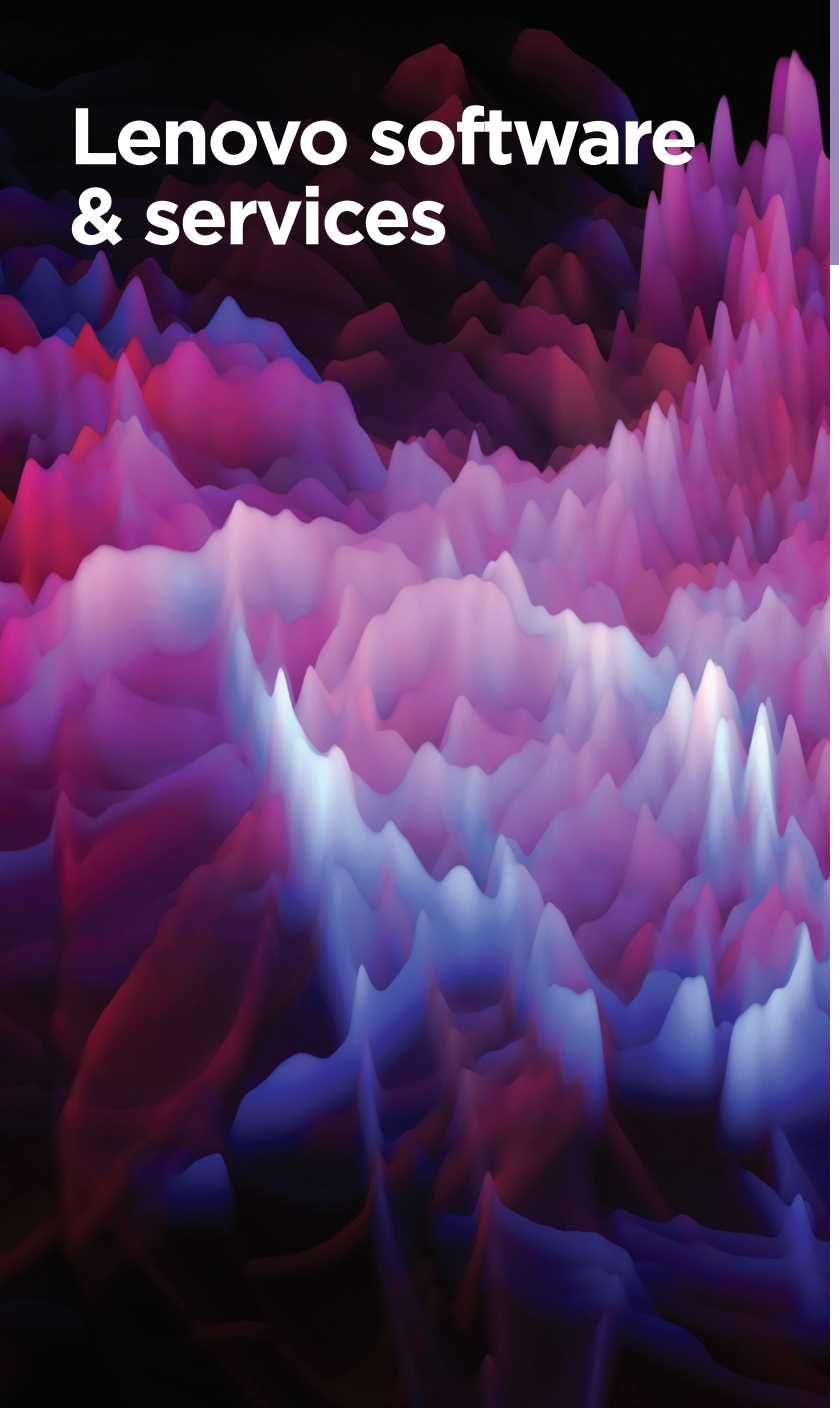
Delivering powerful 2-in-1 versatility at exceptional value, this device boasts an elevated UX with dual USB-C ports and enhanced serviceability.

- Powered by the Intel® Processor N100
- Up to 8GB memory and up to 64GB storage
- CRU (customer replaceable unit) battery, easy-access battery door, and captive screws
- Lenovo DuraSpec standards with spill-resistant keyboard up to 360ml and drop protection up to 76cm onto concrete

Lenovo Chromebox Micro

Amp up campus communication with interactive and non-interactive digital displays for the classroom, parent check-in, wayfinding, and school branding.

- Ultra-thin micro size at 0.25L
- Intel® Celeron N4500, dual core
- 8GB LPDDR4X memory and 32GB eMMC storage
- Ample ports for maximum versatility



Lenovo software & services

LENOVO SERVICES

Support

Lenovo Premier Support
Reduce complexity, decrease operational costs, and find ways to increase efficiency from your in-house IT support teams. Lenovo Premier Support manages routine support tasks, freeing IT to focus on strategic efforts that move the organization forward. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

Accidental Damage Protection (ADP)
Minimize downtime and protect your device from damage not covered under warranty with unlimited repairs in the event of unintentional mishaps. Accidental Damage Protection is performed by Lenovo-trained technicians, using Lenovo Qualified parts and comprehensive diagnostic tools.

Implementation

ChromeOS Zero-touch Enrollment
Get the right devices to employees while securing endpoints, surfacing new cloud-based tools, and managing overburdened help desks. Zero-touch enrollment from Lenovo and Google allows remote deployment and auto-enrollment, shipping devices directly to users.

Sustainability

Lenovo Asset Recovery Services
Hardware-agnostic Lenovo Asset Recovery Services (ARS) help mitigate end-of-life IT and data security risks. We reuse parts, refurbish devices, and recycle assets. Buy-backs help you fund future IT investments. And Lenovo PCs and infrastructure hardware can get a new lease on life through Lenovo Recertified Services.

Lenovo CO_2 Offset Services
Make carbon offsetting easy with a seamless, transparent process for Lenovo devices across your current IT fleet or new purchases—with a sustainability dashboard to view the offset metrics.

Lenovo software & services

LENOVO SOFTWARE

Lenovo LanSchool

Classroom management software to help teachers effectively manage and monitor student devices in both physical and remote learning environments. Track student progress, provide real-time guidance, share screens, and limit access to specific websites and applications.

Lenovo LanSchool

Netsweeper

AI-driven web filtering solutions to enhance student safety, enabling schools to block access for specific groups or users based on lists of URLs, keywords, file types, and apps. It also provides threat detection capabilities to protect school networks against digital dangers, including malware, phishing, and viruses.

netsweeper

Lenovo Device Orchestration

An intelligent endpoint management solution that monitors, manages, and optimizes device fleets across various operating systems. Manage hardware, software, and configurations with Unified Endpoint Management. Gain personalized support, recommendations, and insights from Lenovo IT Assist.

Works with Chromebooks
Lenovo accessory options

Lenovo Smart Charger

This customized PDU charger solution for Chromebook users in education and enterprise charges multiple devices and manages charging status. With 5 USB-C cable-integrated ports and display screen for status management, this device can charge 5 Chromebook laptops simultaneously.

Lenovo Essential USB Mouse

Comfortable, precise, and ready to go—the Lenovo Essential USB Mouse features a full-size ergonomic design, 1600 DPI accuracy, and easy plug-and-play USB connectivity for effortless everyday use.

Lenovo H210 Gaming Headset

Designed to satisfy the casual gamer without compromising on quality, this headset delivers a rich listening experience, lightweight construction, breathable material, and thoughtful usability features like passive noise-cancelling microphone and intuitive volume control.

Lenovo USI Pen 2

This stylus provides enhanced functionality and delivers seamless tilt functionality, superior pairing experience, latency, and refined grip materials. Plus, the innovative Finer Tip technology for USI 2.0 supports ChromeOS.
