

Lenovo Chromebook Plus (14", 11)

Amplify your ambition with the Lenovo Chromebook Plus (14", 11), optimally powered by the Intel® Core™ 3 processor N355. Built on the intuitive ChromeOS platform for fast performance, seamless cloud access, and hybrid flexibility, this device delivers high-productivity features for business success. Starting at just 1.40kg and boasting all-day battery life for ideal portability, this durable device withstands the drops, bumps, and spills of on-the-move professionals.

You'll love the enhanced UX, including the bold 16:10 display with over 87% screen-to-body ratio, Waves MAXX Audio for crisp sound, and the 5MP camera with physical shutter. Plus, get easy access to Google AI features like Help me read and Help me write to assist with content creation, image editing, and research organization, so you can focus on strategic thinking. Because Lenovo prioritizes sustainability, this device is packaged with recycled material, paper, and bamboo, while the customer replaceable unit (CRU) components elevate reparability to improve circularity.

Lenovo Chromebook Plus (14", 11)

EVERYWHERE PRODUCTIVITY

Work happens everywhere—in the office, at a café, around the kitchen table. The new lightweight Lenovo Chromebook Plus (14", 11) supports Wi-Fi 7 to enable a fast, reliable connection for downloads, uploads, and streaming, while long battery life allows for unplugged productivity. The available 5MP camera with privacy shutter and Waves MAXX Audio enable virtual collaboration and meetings are clear and engaging. Plus, ample ports, including two USB-C ports, make it a breeze to connect with all the peripherals you need.

CONFIDENT PERFORMANCE

Optimally fueled by the Intel® Core™ 3 Processor N355, and boasting up to 8GB of memory and up to 256GB of storage, the Lenovo Chromebook Plus (14", 11) powers through workday to-dos, research, emails, and virtual meetings. The improved 14" 16:10 display with 87% STB ratio enhances your view, while the new Waves MAXX Audio ensures crisp, clean sound. And Google AI is built in to simplify daily tasks, so you can think big and do more.

DURABLE MOBILITY

The Lenovo Chromebook Plus (14", 11) is engineered to take on whatever the workday brings. This hardy device can withstand a drop onto concrete at 76 cm, A-cover force of 60 kg, and accidental spills up to 360 ml. Customer replaceable battery and USB-C ports make repairability a snap. Vigilant security is a priority, too, with the physical webcam privacy shutter and the protection of ChromeOS auto-updating and security tools.

Experience the power of Chrome Enterprise Upgrade.

Chrome Enterprise Upgrade is a comprehensive solution for managing ChromeOS devices within an organization, offering advanced security and policy options, extensive device management capabilities, and support for a broad range of enterprise needs. Providing IT with sophisticated security controls and simplified orchestration of the device fleet, Chrome Enterprise Upgrade also enables flexible access to corporate data, allows integration with Active Directory and SAML SSO providers, and offers 24/7 IT support.

With ChromeOS device management, businesses can easily and remotely manage the devices that empower employees and elevate customer experiences.

Get back to basics

To maximize a tight budget and still enjoy the ChromeOS experience for efficient productivity tasks, email, browsing, this device is available as a Lenovo Chromebook. Powered by Intel® Processor N150, Intel® Processor N250, or MediaTek Kompanio 540, this standard Lenovo Chromebook (14", 11) delivers ample performance to boost business outcomes—all at great value.

Lenovo Services

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

LENOVO PREMIER SUPPORT

As IT budgets contract, you need to reduce complexity, decrease operational costs, and find ways to increase efficiency from your in-house IT support teams. Lenovo™ Premier Support manages routine support tasks, freeing IT to focus on strategic efforts that move the organization forward. Boost end-user productivity and limit downtime with direct access to elite Lenovo engineers who provide unscripted, advanced hardware and software support.

ChromeOS ZERO-TOUCH ENROLLMENT

Get the right devices to onsite and distributed employees while securing endpoints, surfacing new cloud-based tools, and managing overburdened help desks. Zero-touch enrollment from Lenovo and Google allows remote deployment and auto-enrollment, shipping devices directly to users.

ACCIDENTAL DAMAGE PROTECTION (ADP)

Minimize downtime and protect your device from damage not covered under warranty with unlimited repairs in the event of unintentional mishaps. Accidental Damage Protection is performed by Lenovo-trained technicians, using Lenovo Qualified parts and comprehensive diagnostic tools.
